Washington 25, D. C.

SACNAV 6260.5
DRAFTED-7231-bar
24 September 1956

5760.5
SECRETARIAL INSTRUCTION 6260.5

From: Secretary of the Navy
To: Chief of Naval Material
Chief of Naval Operations
Chief of Naval Personnel
Chief of Naval Research
Chief, Bureau of Aeronautics
Chief, Bureau of Medicine and Surgery
Chief, Bureau of Ordnance
Chief, Bureau of Ships
Chief, Bureau of Supplies and Accounts
Chief, Bureau of Yards and Docks
Commandant, U. S. Marine Corps
Commander, Military Sea Transportation Service
Subj: Uniform labeling program for hazardous industrial chemicals
and materials.
Enclos: (1) Markings and Design of Labels
 (2) Tentative Label Classification Guide
 (3) Elements of a Labeling Program

1. Purpose. The purpose of this Instruction is to standardize
on labeling requirements for hazardous chemical products during
the usage stage, and to provide selective labels which will con-
tain pertinent information designed to warn users of the poten-
tial dangers involved.

2. Scope. This Instruction applies to the labeling of all
hazardous materials throughout the Naval Establishment whenever
distribution of hazardous chemicals and materials is made to the
actual consumer (shop, office, or unit). It applies to materials
received from any supply source, provided the material is intended
for ultimate use at the local activity. In this regard it refers
to labeling of the original container as well as any other con-
tainer to which the material may subsequently be transferred.
This Instruction is not intended to govern:

a. The type of labels to be affixed by the manufacturer.
(These are governed by State and Federal laws and regulations
depending on the nature of the material and whether the shipment
is Interstate or Intrastate. In addition, most major manufacturers
of chemicals abide by the "Warning Labels Guide" published by the
Manufacturing Chemists' Association.)

d. Safety Precautions Board. The Safety Precautions Board shall:

- (1) Publish in Safety Precautions (OASD 34-71) a "Global Classification Guide" listing the classification of hazardous chemicals and materials currently in use as determined by the appropriate technical bureau or office.
- (2) Revise the "Global Classification Guide" in accordance with information periodically provided by the responsible technical bureaus and offices relative to the use of new chemicals and proprietary materials, deletions, and changes in classifications.

e. Bureaus, Offices, and Marine Corps. The bureaus, offices, and Marine Corps, shall initiate implementing instructions for use by activities under their management control upon completion of action required by paragraphs 4a, 4b, 4c, and 4d(1), above. Enclosure (3) is an outline of the "Elements of a Labelling Program" for guidance.
